Wheelchairs are advised to only see the part of the cave toured by train, in which case the cave can also be toured by visitors in electric wheelchairs. Visitors with disabilities can also go on a regular guided tour, as there are no steps within the cave, providing they are aided by a person accompanying them, who will help them get over the only higher ramp inside the cave; in this case, the wheelchair has to be foldable, so**

it can be transported into the cave. The number of visitors with disabilities including their tour companions during each tour is limited to 20 persons.

Persons with disabilities are subject to special price-related conditions, as set out below in these General Terms and Conditions.

If the group needs to be accompanied by an additional guide during the tour, the company can approve a ticket price of EUR 2 for each individual tour.

10. Reservations, Cancellations of Services for Group Visitors

Group visitors (a group of 20 or more people) are required to make a reservation. The terms and conditions from the price lists for group visitors apply providing that a group has booked a service at least three days before their arrival (before the service is provided).

In the event that a client has failed to settle all due financial obligations to the company in time, the terms and conditions from the price lists for group visitors do not apply.

When it comes to clients who do not have a contractual relationship with the company, the company may request a pro forma invoice payment or payment of a minimum of 30% of the total price as a cancellation risk fee at the time of the booking.

The reservation is valid for services according to the terms and conditions, and the timetable specified in the written reservation confirmation or agreement.

The company retains the right to not provide reserved services to the client in exceptional circumstances. The client will be informed accordingly 2 (two) days before the booked date. In such case, the client is only entitled to the reimbursement of amounts already paid and is not entitled to claim the reimbursement of any damages and/or additional amounts whatsoever.

The company advises travel agencies and organisers to conclude a prior partnership agreement.

a) Reservations and Cancellations of Tours

Clients' requests for reservations of individual services must be sent to the Reservations Office in writing (via email, fax, post, or through the clients' online portal with a password) in Slovenian, English, German, Italian or Croatian languages. In exceptional cases, and only for tours of Postojna Cave and the Predjama Castle, a reservation can be made by telephone, but only for clients who have a permanent business relationship with the company.

A reservation request will be confirmed providing that the client has provided the following details: name and address of the travel agency, or the name, surname and title of the visitor – trip organiser, contact details, (telephone or fax number and email or postal address), the type of services, the date and time of individual services, the number of people and **information about the guide who will be accompanying the group (name and telephone number).**

In addition to the company's basic contact details, a reservations confirmation shall include the following: the type of the services booked, the date and time of individual services, the number of people, the language for the tour-guiding service (if applicable), the payment terms, the reservation number and the date of the reservation confirmation.

Upon arrival at the ticket office or at the time of ticket purchase, groups for which a reservation has been made or whose arrival has been announced in advance are required to provide a reservation confirmation or basic details about the confirmed reservation, i.e. the reservation number, the client's name, the name of the group and the name of the agency the reservation was made through, or a suitably completed voucher – an order form with all the necessary details: the tour date and time, the type of services and the number of people.

Before the booked service is provided, the client who made a reservation is required to get familiarised with and adhere to the company's General Terms and Conditions and to the Rules on the Execution of Safety Regulations in the Postojna and Predjama Cave Systems. They are also obliged to inform their customers, i.e. visitors who will use the purchased tickets, about said terms and rules.

Tours of attractions booked in accordance with this subchapter (10a) **can be cancelled by the client no later than 2 (two) days before the booked date**. If the services booked in accordance with this subchapter (10a) are cancelled later than this or in the event of a no-show, the company will **charge 80% of the price of these services**. The only case this does not apply to is if the cancellation within the period specified in this paragraph was not possible due to force majeure, i.e. a natural disaster or another extraordinary event, such as war, which prevents the client from organising travel to the attraction in question. The client shall inform the company about the occurrence of force majeure immediately; if they fail to do so, they will be unable to claim this as a reason for cancellation.

Postojna Cave tour tickets must be collected at the ticket office no later than 30 minutes before the booked tour time; in the event of failure to do so, it is **possible to change the tour time free of charge** no less than 30 minutes before the booked tour time by prior arrangement with the Reservations Office or the ticket office – subject to availability. Later than that, a free change of the tour time is no longer possible; in the event of a late arrival, the reservation is considered cancelled. If visitors are late collecting tickets for a certain tour and the tour is now full, they can tour the cave at the next available time. In this case, the company reserves the right to charge a tour time change fee, which is EUR 5 per reserved ticket. In case of non-use of the Postojna Cave tour service, the terms and conditions from the previous paragraph apply.

To avoid any ambiguity, the purchase of tour tickets through the company's website is not considered a reservation of tours and is thus not subject to the rules set out in this chapter.

School Groups

Organised school groups are required to give notice of their arrival by means of a special electronic application form available on the company's website in the 'School Groups' section or by email.

b) Reservations and Cancellations of Food & Beverage Services

The reservations of food & beverage services must be confirmed in writing by the company in advance. A written confirmation must include the name of the client, the name of the group, the reservation number, the type and number of meals, the type of service and the date of execution.

An order of food & beverage services in accordance with this subchapter (10b) can be cancelled no later than 72 hours before the service is to be provided, unless otherwise agreed.

If the client's guest or a group of guests **did not use the ordered food & beverage service and the service was not cancelled within the period specified above, the client shall pay compensation in the amount of 80% of the price of the food & beverage service**. The only case this does not apply to is if the cancellation within the specified time was not possible due to force majeure, i. e. a natural disaster or another extraordinary event, such as war, which prevents the client from organising the use of the ordered food & beverage services. The client is obliged to immediately inform the company about the occurrence of force majeure; if they fail to do so, they will be unable to claim this as a reason.

Notwithstanding the preceding paragraph, **if fewer guests were served** than the number of meals booked and the reservation for the rest had not been cancelled in accordance with this subchapter (10b), **the company is entitled to compensation in the amount of 100% of the price of food & beverage services**.

A guest, a client, a travel agency or a group guide may not cancel or change a previously ordered food & beverage service on the spot. The only exception to this is the order of bottled drinks, which can be cancelled or changed for as long as bottles have not been opened.

If a food & beverage service has been provided to a larger number of guests than previously ordered, it is considered that the order has been changed to the number of guests actually served and the actual number of guests served, i.e. the number of meals served, will be charged.

11. Payment

The statutory late payment interest is charged for late payments.

The day of payment is the day when payment is made by a visitor or trip organiser at the ticket office, i.e. when the company has received payment in its bank account.

Payments can be made in cash (in EUR and USD), by debit or credit cards (Maestro, BA, MasterCard, Diners, Visa, Karanta) or by any other methods of payment accepted by the company.

12. Gift Vouchers

The issued gift voucher can be used for the service specified on the gift voucher, and in exceptional cases and by previous agreement with the company, also for other equally-priced services offered by the company according to the company's price list. The gift voucher cannot be exchanged for cash either in part or in full. The service is provided in accordance with the company's current terms and conditions.

The validity of issued gift vouchers is one year, unless otherwise stated on the gift voucher.

13. Complaints and the Complaint Handling Procedure

Visitors or trip organisers must inform the company about any service-related irregularities or shortcomings on the spot and also put it down in writing immediately.
